TYPE

Stay wrapped. Stay protected.

Geist — display 600, -2.5% tracking
body 400, 8–10 pt

Geist Mono — labels 500
all caps, +16% tracking

02 - HALO

Offset rings around the wordmark. Each ring is a true offset: spacing $\approx$ 3.5% of logo width, widening $\sim$ 3% per ring. 0.3 mm stroke (heavier on large formats), amber $\rightarrow$ orange, opacity 95% $\rightarrow$ 4%.

03 - FRAME

Precision corner ticks and four Geist Mono labels frame every layout: Stay wrapped · Stay protected · Invisible protection · Made for your device.

04 - LOGO

Always the original wordmark artwork, never redrawn or recoloured. Clear space = $\frac{1}{2}$ logo height on every side. Minimum width 25 mm print / 120 px screen.
