02 - SPLAT

Thrown paint behind the wordmark: a Burnt base splat with an Orange splat on top. Tendrils taper and end in beads. Keep the core behind the logo and let the arms break out.

03 - DRIPS

Paint poured along the top edge in the logo gradient (Amber → Orange), plus runs dripping from the base of the splat. Drips always fall straight down.

04 - STICKER

The ownership card is a slap sticker, tilted ~2.5°: an Orange band with a stencil header on a white write-on panel. Name and Number rules stay straight enough to write on.
